#### SECRETARY MESSAGE

Shri Prahmarsh Pramod Agrawal

I am singularly honoured to be writing this message for the bi-monthly publication of our esteemed college. The nation and the world at large has gone through a very tough time in past view months in view of the second Covid Wave. I am extremely proud that the college has taken the crisis in its stride and continued the process of imparting education in creative ways. I wish all the students the very best and urge you to vaccinate yourself and your families at the earliest.

#### HOD MESSAGE

Dr. Shweta Tiwari

Greetings everyone! MAIC welcomes you, we offer learning with practical knowledge and innovation. Opportunities are made available for students making them Industry ready to face new challenges. No wonder, a student harnessed in such an atmosphere has every hope and possibility of becoming a responsible, balanced, mature adult and is able to live in, to contribute and shoulder responsibilities of the society, of which he is an integral part. The new concept of the news letter is meeting the requirement of the socially active group of students. My Good wishes to everyone for upcoming challenges. Be safe, be responsible.

Media Coverage

Career counselling session begins at MAIC

Career counselling session under way.

Staff Reporter  
RAIPUR, June 19

MAHARAJA Agrasen International College (MAIC) provides free career counselling for wide range of courses approved by UGC to its students in Management, Commerce, Computers and Certification Courses from June 1. The institution has earned its reputation of being one of the best for its excellence in every field like academics, co-curricular activities, skill development

programmes, rover/ranger, MAIC band, social service activities, sports and physical education. It delivers the best career guidance for students and working professionals. There is a serious mismatch between skill and available jobs for future with youth typically lacking access to guidance, which is provided by the college. The mission of the institution is to educate student in their respective field and other areas that will help in serving the nation and the world in the 21st Century.

MAIC Ranger Rover team reaches out to feed stray animals in Raipur

Staff Reporter  
RAIPUR, June 19

THE spread of Coronavirus followed with the impact of lockdown has led to all quarantines and among the hardest hit are the strays animals who are left without food. Standing up to the situation, MAIC Rover/Ranger has launched a special drive to feed stray animals during the lockdown period.

This campaign was organised recently under the guidance of Chairman of the college Rajesh Agrawal and in-charge principal Dr. Jyoti Jaisankar. Rover/Ranger team consisting of faculty Shashi Sachan, Dr. Deepa Lal Prasad and other faculty members and students reached different colonies with green fodder to feed

One of the member feeding stray animal. In addition, the team distributed

maize to stray dogs. Majority of stray animals and birds survive on leftovers from markets, roadside eateries or some volunteer organizations which provide them food. But during lockdown all such institutions are closed and hence there is no means of leaving accessible to them. As a MAIC Rover/Ranger team recently organised a feeding campaign. All members of the team showed active participation and helped in feeding the stray animals in distress. Under the deadly pandemic environment, more compassionate people are required to make this planet a better place to live and like minded persons should join for such cause by feeding stray animals.

MAIC Rover Crew and Ranger team

MAIC Rover Crew and Ranger team celebrated World Environment Day by appreciating the sanitation workers of the city by offering them flowers and chocolates.

Rover crew and Ranger team members also made posters to spread awareness among people and planted saplings in their nearby areas so that they can be nurtured properly. Due to the deadly pandemic and shortage of oxygen, there is a strong demand to plant saplings, conserve environment and take care of nature. If human keeps on intruding into nature and causes destruction of biodiversity, more and more problems related to human survival will surface in the future. So it is the need of the hour that nature should be taken care
