## From the Desk of Hon'ble Chairman

Shri Rajesh Agrawal  
Real Ispat Group

It gives me immense pleasure to welcome all prospective students of the academic year 2023-24. It is also a matter of great pride that this year we celebrate the 25th anniversary of Maharaja International Charitable Trust, through which, MAIC has truly thrived and have progressed leaps and bounds beyond expectations.

MAIC aspires to be an exemplary institution that thrives on value-based education for talent development for a vibrant and inclusive society. Its focus on holistic development inculcates truly secular and democratic values in students to serve their mother nation. MAIC's co-curricular, extra-curricular and extended activities challenge the intellect and promote the spirit of exploration in each student to acquire the skills necessary to become strategic, productive, communicative, collaborative and responsible citizens. The activities we offer act as tools for lifelong learning. Our team of Professors, teachers and the entire academic council works with a common mantra of "Nation Building".

They recognize that the students thriving under them are the future of the nation, and hence are wholly dedicated towards serving the "Student first" model above anything else, which goes way beyond books and classroom.

Their support and assistance ensures a progressive, inspiring, stimulating and above all, a happy environment in MAIC. With pride for its history, and overwhelming anticipation for the future, I wish everyone the very best for the upcoming year.

With Best Wishes ...

Rajesh Agrawal

## From the Desk of Hon'ble Ex Chairman

"Education is the manifestation of the perfection already in man"— Swami Vivekanand

Success comes to those who work hard and stays with those who don't rest on past laurels. The quest of education is knowledge, humanity, culture, wisdom and sharpness but it should be noted that knowledge is not given but earned and character is not granted but cultivated. The role of education is definitely not limited to giving and grasping knowledge and theory. I strongly feel that education is a blend of academic excellence and creativity. The true goal of education transcends much beyond just awarding degree and certificate to the students.

Maharaja Agrasen International College is an amalgamation of competent teachers, state of the art infrastructure and an experienced and efficient Management, safe and supportive environment for its students to provide a perfect balance of academics, sports, artistic and social opportunities.

Our pivotal emphasis is on all-round personality development. This is achieved by providing conceptualized study of curriculum which is given through diversified activities and competitions and that make them expressive and adaptable. JCI Raipur MAIC United, MAIC Rover & Ranger, Value added courses Learnvila and Skill Development activities focus on developing entrepreneurial skill leadership quality management skill, team spirit, communication presentation skills, creativity and so on whereby students are well equipped and ever ready to take the plunge into the highly competitive world. Throughout the year the college arranges guest talks, seminars and workshops to acquaint the students with the prevalent trends in industry and business.

## Alumni Speak

College life is completely different from school life. It gives us more exposure and also makes us more confident. MAIC- The name itself tells you about the college i.e Maharaja Agrasen International College. I started my education at MAIC with B.Com. Our teachers act more like friends in college, whereas in school they're like our mentors. I still remember shewta mam who guided me in my accounts and cost accounting which was way too difficult for me.

My College life experience is truly one of a kind. The most common memories I have of college life are definitely goofing around with friends. I still remember how the group of friends walked around the college in style and playing silly pranks on each other. Moreover, I always look back at the times spent in the college canteen. It was considered the hub of our group where we enjoyed eating and chatting away with my friends. Another amazing experience I have seen cherishing the most is the annual fest. The annual fest created so much excitement and buzz amongst everyone.

After Completing a Senior high school my actual journey starts. In year 2015 I joined MAIC for my Bachelors in Computer Applications, It was a first time I had a programming experience. MAIC is like a family for me and I learned a lot from here, also Developed my skills in computers and various other activities and achieved Vibrant Student Award in 2018.

In 2018 I completed my Bachelors and took a flight for Manipal to pursue my Masters in Computer Application. In 2019 I went to New Cairo, Egypt for Summer Internship through AIESEC Program in collaboration with American University in Cairo and successfully completed that internship in web development based on WORDPRESS tool and Search Engine Optimization..

In January 2020 Joined Rays IT and Design World as a intern for Final Semester project Which is based on MVC framework and PHP.

I would like to thank MAIC for being so supportive and helping me throughout in developing my personality thereby making me what I am today. The institute has nourished me to attain the acceleration to reach the destination. The faculty and college management has been very helpful and friendly. They have escorted me by all means to strengthen my technical skills. This institution goes on doing great skill development programs to nurture students achieve their dreams. I feel grateful and glad to be a part of such a beautiful and amazing place.

**Ankit Pareek**

No words of gratitude can portray how essential the contribution of all the members of my institution is in carving out the niche for me, and no deeds can overcome their workings, maintaining all the decorum and discipline and every affair very accurately. As a student of Maharaja Agrasen International College, I have learned to be a self-directed individual who can adapt to a culture of collaboration within and outside of an organization and learn quickly, think critically, communicate and innovate. I have learned from my teachers to concretely demonstrate my commitment and from my HOD, i have essentially learned how to "Talk the Talk. College opened up a whole new career path for me by simply talking to me and helping me. Thank you college to provide mentors so incredibly much for being both professor and academic advisor.

## Research & Innovation

The Research & Innovation committee & the college takes keen interest in organising research and innovation activities. National, International conferences, Workshops, Seminars were organised by the college for faculties and students. Apart from organising such activities the college authorities encourage participation of faculties and students in a variety of educational seminars that were organised by renowned colleges and universities.

One day National Seminar on “Ideas to make India The World’s largest Economy before 2037” was organized by The Department of Commerce in collaboration with Research Committee and IQAC. The session was taken by Mr. Srinu Raju, from Texas Tech University and author of SRI: An 88 – word initiative to enrich Indians 1100%. The context of seminar was like a clarioncall, sounding for India to put growth on a sustainably faster track and meet the aspirations of its growing workforce. Decimate the black economy, crash mortgages, interest rates and urban land prices were few of the proposed reforms highlighted by Mr. Srinu Raju.

Seminar on “FINTECH - Importance from the view of commerce & major issues and challenges” was organized by the Department of Commerce on 13th of January 2023 at MAIC. The spokesperson for the session was Dr. Dewashish Mukherjee. The context of seminar was the power of financial technology, skills needed to work in this field and job outlook for fintech and commerce related careers.

# Industrial Visit

The Students of Computer Science & Computer Application Department of MAIC Raipur went to CIPET (Central Institute of Petrochemical Engineering and Technology) Raipur for educational visit on 25th Nov, 2022. The visit had the objective to promote awareness about P etrochemical products and to expose the students to the growing use of Polymers and their concerned management.

It also had the objective to expose them to the career opportunities in the respective field. The students learned about everything from the classes of plastic polymer to the making of petrochemical products. The conduciveness of the environment of the institution made the students to know deeply about education, training and placement opportunities in the Institution. They enthusiastically observed the Institution and its laboratory and interacted with the faculties. Around 50 students were taken from both the Department. It was learning experience for them.

The course structure of the Interior Design program at MAIC Raipur perfectly inculcates a large number of activities like workshops, expert sessions, industrial visits, etc. to nurture the creativity of the budding Interior Designers and give them industry insight. The aim is to acquaint the students with the material used, the cost and application and gain practical knowledge of this skill oriented course.
